

SLABLYTICS LLC

Terms of Service

Effective Date: March 26, 2026

Governing Law: State of Missouri, United States

Contact: slablytics@gmail.com | slablytics.com

These terms are written in plain English on purpose. We're not trying to hide anything in fine print. If something's confusing, email us.

1. What Slablytics Is (and Isn't)

Slablytics is a market intelligence platform for graded Pokemon TCG collectors. We aggregate and display pricing data for PSA- and CGC-graded cards by grade tier so collectors, dealers, and resellers can make smarter decisions.

What we are NOT:

- A financial advisor or investment platform
- A certified card appraiser
- A guarantee of profit on any buy or sell decision

We provide the intelligence. You make the call. Slablytics is not responsible for decisions made based on data displayed on this platform.

2. Pricing Data Disclaimer

All pricing data displayed on Slablytics is sourced from third-party platforms, including eBay sold listings and the PokemonPriceTracker API. By using Slablytics, you acknowledge and agree to the following:

- Data may be delayed, incomplete, or contain errors.
- eBay sold comp data reflects buyer-reported transactions and may include condition variables, errors, or outliers outside our control.
- Slablytics is not responsible for errors originating from third-party data sources.
- Pricing data is directional market intelligence, not a certified appraisal or financial recommendation.
- You should always verify pricing independently before making any buying or selling decision.

One good trade can pay for years of Slablytics. But we're a tool, not a guarantee. Use us to sharpen your edge, not replace your judgment.

3. Membership Tiers and the Price Lock Guarantee

3a. Founding Membership Tiers

Slablytics offers three founding membership tiers established at launch. These tiers are defined as follows:

- Founding Members (first 100 subscribers): Receive lifetime free access to Slablytics for as long as the platform operates. No charge. No expiration.
- Early Access Members (subscribers 101-500): Lock in at \$4.99/month permanently at the time of signup. This rate will never increase for active subscribers.

- Standard Members (subscribers 501 and beyond): Lock in at the rate in effect at their signup date. As of the effective date of these Terms, that rate is \$9.99/month.

Tier assignment is determined by order of verified subscription through our payment processor (Gumroad) and confirmed via our subscriber tracking system (Supabase). In any dispute, our records serve as the authoritative source.

3b. Price Lock Guarantee

The rate you lock in at signup is your rate forever, as long as your subscription remains active. We will never raise prices on existing members. This is a founding principle of Slablytics, not a promotional offer.

If you joined at \$4.99, you pay \$4.99 forever. If you joined at \$9.99, you pay \$9.99 forever. We will never raise your rate.

3c. Price Lock Forfeiture

The Price Lock Guarantee applies only to continuous, uninterrupted subscriptions. If you cancel your subscription for any reason, your Price Lock is forfeited. If you resubscribe after cancellation, your new rate will be the current rate at that time, regardless of your original tier.

There are no exceptions to this policy. If you're considering cancelling, we encourage you to reach out first — email slablytics@gmail.com and we'll do our best to find a solution.

3d. Service Discontinuation and Acquisition

The Price Lock Guarantee applies for as long as Slablytics LLC operates the platform as a subscription service. In the event of service discontinuation or acquisition by a third party, the following applies:

- You will receive a minimum of 30 days written notice before any service termination.
- You will receive a prorated refund of any prepaid subscription amounts covering the period after termination.
- In the event of acquisition, Slablytics will make reasonable commercial efforts to negotiate Price Lock continuity for existing members, but cannot guarantee it beyond the terms negotiated with any acquiring entity.

4. Data Accuracy and Platform Limitations

Slablytics is an evolving platform. Features, data sources, and functionality may change over time as we improve the product.

- We do not warrant that data displayed on the platform is accurate, complete, or current at any given time.
- We reserve the right to update, modify, or discontinue data sources, features, or integrations at any time.
- Pricing intelligence is meant to inform, not replace, independent verification. Always pull your own eBay sold comps before acting on any data you see here.

We are committed to transparency. If we change how data is sourced or calculated in a material way, we will notify subscribers.

5. Your Account and Data

By creating an account on Slablytics, you agree to provide accurate information and maintain the security of your login credentials.

Regarding your personal data:

- We collect only what we need to operate the platform: your email address, subscription status, and usage data.
- We do not sell your personal data. Ever.
- You can request deletion of your account and all associated data at any time by emailing slablytics@gmail.com.
- We will process deletion requests within 30 days.

6. Subscriptions and Cancellation

6a. Billing

Subscriptions are billed monthly through Gumroad. Your billing date is established at signup. You can manage your subscription directly through Gumroad.

6b. Cancellation

You may cancel your subscription at any time. Cancellation takes effect at the end of your current billing period. You retain access to Slablytics until that date.

Important: Cancelling your subscription forfeits your Price Lock Guarantee. If you resubscribe after cancelling, your new rate will be the current rate at that time, not your original locked rate. There are no exceptions.

6c. Refund Policy

We do not offer prorated refunds for partial billing periods. If a billing error occurred on our end (duplicate charge, incorrect amount, system error), we will issue a full refund for the affected charge promptly upon verification.

All other refund requests are evaluated at our sole discretion. We aim to be fair. If something went genuinely wrong, we will make it right. We reserve the right to decline refund requests that do not involve a billing error on our part.

6d. Data Retention After Cancellation

Upon cancellation, your account and associated data are retained for 90 days and then permanently deleted from our systems. You may request immediate deletion at any time by emailing slablytics@gmail.com.

7. Prohibited Use

You agree not to use Slablytics to:

- Scrape, harvest, or systematically extract data from the platform without written permission
- Resell, redistribute, or commercialize Slablytics data without a separate written agreement
- Reverse-engineer, copy, or replicate the platform's features or data architecture
- Use the platform in any way that violates applicable law

Violations of this section may result in immediate account termination without refund.

8. Intellectual Property

All content, data, design, and code on Slablytics is the property of Slablytics LLC. Pokemon, PSA, CGC, and related marks are trademarks of their respective owners. Slablytics is not affiliated with, endorsed by, or sponsored by The Pokemon Company, PSA, or CGC.

9. Limitation of Liability

To the maximum extent permitted by law, Slablytics LLC shall not be liable for any indirect, incidental, special, consequential, or punitive damages arising from your use of the platform, including but not limited to:

- Losses resulting from buy or sell decisions made using Slablytics data
- Data inaccuracies from third-party sources
- Service interruptions, downtime, or data loss

In no event shall our total liability to you exceed the amount you paid to Slablytics in the 12 months preceding the claim.

10. Changes to These Terms

We may update these Terms from time to time. If we make material changes, we will notify subscribers by email at least 30 days before the changes take effect. Continued use of Slablytics after that date constitutes acceptance of the updated Terms.

We will never use a Terms update to modify or revoke the Price Lock Guarantee for existing members. That protection is permanent.

11. Governing Law and Disputes

These Terms are governed by the laws of the State of Missouri, United States. Any disputes arising from these Terms or your use of Slablytics shall be resolved through good-faith negotiation first. If that fails, disputes shall be submitted to binding arbitration in Missouri under applicable AAA rules.
